### New Chief Operating Officer Joins PDI

**May 2, 2016**

*TEMPLE, Texas* - PDI, a leading provider of enterprise-class automation software systems to the convenience retail, petroleum marketing, and foodservice industries, today announced the appointment of Jimmy Frangis as Chief Operating Officer (COO).

Greg Gilkerson, President and CEO of PDI, said, "This is an exciting day for PDI and our customers. We are fortunate to strengthen our team with a leader of Jimmy's caliber. In addition to his reputation as a well-known industry expert with significant global retail experience, he is a values-driven individual whom I deeply respect. Jimmy led the very successful Radiant/PDI partnering strategy a number of years ago, and I'm looking forward to working side by side with him as PDI continues to grow."

Frangis brings substantial petroleum and convenience retail industry experience, having spent the last 18 years holding multiple roles at NCR Corporation and Radiant Systems (acquired by NCR in 2011). While there, he served as vice president of several divisions, including Payment Services, Retail Services, Grocery and Convenience Retail, and Petroleum and Convenience Retail. He graduated with a B.B.A. and an M.B.A. from the University of Georgia.

#### **About PDI**

PDI provides software, hardware and professional services to convenience retailers and wholesale petroleum marketers. Over 325 companies operating more than 31,000 locations worldwide rely on PDI's software systems for retail automation, supply-chain management, business intelligence, financial reporting, and employee time and labor management.
