

Allied Petroleum

A PDI Case Study

Overview

HQ: Christchurch, New Zealand since 1993
Industry: Logistics, Bulk Diesel and Fuel Delivery
Size: 80+ Trucks
PDI Solution(s): PDI TransPac, TransPac Fuel, FleetMarshall, Fleetwatch, Schedule, Easy Planning, HyperDocs

Business Challenge

- Experienced significant growth over the past 20 years
- Began to feel the double-edged sword of expansion as the fleet continued to grow
- Logistical challenges of managing new assets and resources required to meet the needs of their growing customer base

Allied Petroleum

Increased capacity

to take care of fleet refueling activities across a growing clientele

Simplified fleet management from dispatcher to driver to customer, in order to meet the growing needs of deliveries.

Customer Results

Increased efficiency across bulk refueling and fleets

Decreased manual processes with on-site signature and storage

Optimized resource utilization

Enabled drivers to access customer information on-site

Allied Petroleum drivers use intuitive fleet management solutions to service existing clients efficiently while facilitating continued growth for the future.
