

Pak-A-Sak

A PDI Case Study

Overview

HQ: Amarillo, TX since 1978
Industry: Convenience Retail
Size: 21 Locations
Solution: PDI Labor Scheduler

Business Challenge

- Lacked an efficient or accurate labor scheduler and was reliant on messy spreadsheets
- Experienced rapid growth resulting in the hiring of hundreds of employees across the Texas Panhandle
- Needed an effective employee management system

**Dramatically
decreased
overtime costs**

Stays below budgeted hours an average
of **2.5 hours** per week.

Customer Results

Tracked actual labor hours
by site and employee

Minimized overtime costs by
tracking budgeted hours

Implemented an
employee loaner system

Staffed stores with an adequate
number of qualified people

**PDI Labor Scheduler has become a crucial
part of our operation. We now save over
\$31,000 a year with PDI. I'd definitely
recommend this product to anyone.**
